1. Focus

ZION College of Fashion & Textile Design focus is training and moulding the best and innovative fashion designers for Kingdom Glory and Beauty.

The College is committed to skills development agenda in the area of fashion and textile design for the 21 Century and Beyond. It strives on excellence.

2. Training programmes

We offer Four Categories of Training Programmes from Basic to Advance:

- i. **Full-Time Fashion & Textile Design Training.**
- ii. **Part-time Fashion & Textile Design Training.**
- iii. **Upgrading Fashion & Textile Design Training.**
- iv. **Basic Tailoring Skills (Men, Women and Children Clothes)- Full-time & Part-time.**
- v. **Upgrading Tailoring Skills (knowledge and skills in Tailoring) – Full-Time & Part-time.**

Zion College is practical oriented institution and offers hands-on training from basic to advance programmes that improves the skills system in Fashion Design and Textile and help empower trainees with innovative and competitive skills in the Fashion Industry. Out Training is tailor-made to individual needs.

3. Qualification

Since the College offers a wide range of training programmes, qualification also varies and is systematic. But the first, criteria for admission is interest/passion to become a leading fashion and textile designer.

- For Basic Tailoring Training: - At least KCPE Certificate
- Certificate Course in Fashion & Textile Design: - At least KCSE Certificate

- Diploma Course in Fashion & Textile Design: - Must have a Certificate (Level 1) in Fashion Design.

- Upgrading Course in Fashion & Textile Design: - Must have a Certificate in the Trade and Working in Fashion/Textile business or industry.

- Basic Training for hobby in Fashion & Textile Design: - At least KCPE.

4. Assessment and Certification

The College offers: **i. Certificate**, and **ii. Diploma** programmes. The Certificate issued include the following:

a) Zion College of Fashion & Textile Design Certificate

b) The College also prepares trainees to register and sit for the Kenya National Industrial Training Authority (NITA) examinations for the following Certificates:

- i. Grade III**
- ii. Grade II**
- iii. Grade I.**

All these require trainees to go through the training programmes at the College and full-fill the necessary competency levels before they are registered for any examination/certification. The assessment mode is through written and practical examinations in relevant areas of training.

We are also working on affiliating with other international relevant institutions of fashion and textile design abroad.

5. Mode of Training

- The College has relevant state-of-the design and tailoring equipment and facilities. Therefore, the training is both practical/hand-on and oral.

- The College has qualified and committed trainers, with a wide international, regional and national professional experience. They strive to give the best and get the best out of the trainees.

- The training also involves visiting relevant enterprises/factories across Kenya.

For those doing full-time fashion design and textile course, at both certificate and Diploma level, the college requires that trainees have an overseas business trip (as a team) to visit and learn from relevant enterprises/factories abroad.

6. Fees Structure

Affordable, flexible, and depends on the course and level.

Visit the College for more details.

7. Accommodation

If you come from outside Nairobi and you do not have accommodation, the College can assist you in getting a decent, affordable and accessible hostel, which you will have to pay for.
